Subject: [CAP] Weekly meeting for November 29

Aurora Cadets, Parents, Senior Members, and Guests,

Last Week

Weekly Meeting

Tuesday, November 22

Last week was PT night. Because of the rainfall, the mile-run portion of PT was postponed. We'll try again this week.

C/CMSgt Walsh leads the pushup exercise during PT.

C/Capt Chuang demonstrated the types of challenge seen in the [StellarXplorers](#) competition. With the [Systems Tool Kit](#) (STK) software used in the competition, he demonstrated different types of satellite orbits, and the [orbital elements](#) (such as inclination, eccentricity, semimajor axis) that control the shape and placement of such orbits. Cadet Chuang, together with Cadets Clayton, Jellison, and Miller, form the Squadron's StellarXplorers team.

C/Capt Chuang describes how to adjust a satellite's orbit to maximize the time spent over a specific target.

CyberPatriot Practice

November 26, Wilsonville

The CyberPatriot teams met on Saturday to practice for the upcoming competition. The teams worked on administration and scripting for Windows 8 and Ubuntu 14.04 images.
