## ***Upcoming Events***

Garmin AT Open House, Thursday, August 17, 16:00 - 19:00.

*The 2017 Open House will feature several free educational seminars taught by Garmin Associates from both our Salem campus and Garmin Headquarters in Olathe, Kansas. Additionally, we encourage all attendees to join us for a tour of our facilities as we open our doors to you. The tour is a fantastic opportunity to learn more about our avionics and what makes flying with Garmin a great and safe experience.*

*We encourage guests to stay at Garmin AT for a free dinner on us. Dinner will be provided by The Flight Deck, a local restaurant located on McNary Field. During dinner, we will have many great Garmin prizes and giveaways. The Open House is scheduled to conclude at 7 pm PDT.*

*Garmin thanks the aviation community for their instrumental role in Garmin's success. Without the loyal support of our many customers, Garmin would not be able to develop the world's greatest aviation solutions. This Open House event is our way of saying "thank you" to our incredible customers and community. Garmin encourages you to spread the word of our Open House and invite as much of the aviation community as possible.*

Glider Orientation Rides, September 2-3, Prineville, OR. Maj Ireson's announcement follows. **Quick action on your part is necessary to get a spot.**

*I am happy to confirm that we will be able to hold a glider O-ride weekend again this year. The earlier uncertainty regarding the availability of gliders has been resolved, and we will again have two gliders and other powered aircraft for O-rides on Labor Day weekend, at Prineville airport. Flights will take place on Saturday and Sunday, Sept 2 and 3.*

*We expect that we will again be able to camp out in the Prineville EAA hangar as in the past, and that the EAA chapter will provide breakfasts and lunches for a nominal cost. For cadets planning on glider rides, there will be a \$20 participation fee to offset organizational expenses.*

*Participation will be limited in order for everyone attending to have the ability to take one glider ride each day they are present. If you want to register, contact Capt. Jerry Campbell now, at [morancampbell@msn.com](mailto:morancampbell@msn.com) with your name, CAPID, squadron, weight, and dates attending. If you have questions, contact Capt Campbell at the email above or at 775-247-3442. More detailed information will be provided in the near future.*
